AMERICAN
NUMISMATIC AND ARCHÆOLOGICAL SOCIETY,

Founded, 1857. Incorporated, 1865.

30 LAFAYETTE PLACE.

New York,.....1880.

Dear Sir:

Your name has been suggested to our Executive Committee for election as a member of this Society, with a view of judiciously increasing the membership by suitable nominations.

You will find below extracts from the Constitution and By-Laws which explain the object of the Society.

The objects of this Society are—

FIRST.—The encouragement and promotion of the sciences of Numismatics and Archæology.

SECOND.—The formation of a Library and Cabinets relating to the study of these and kindred subjects.

THIRD.—The publication and dissemination (in such form and manner, and at such times as the Executive Committee may direct) of information relating thereto.

This Society shall consist of Resident, Corresponding, Life, and Honorary Members.

The Initiation Fee of persons elected Resident Members of this Society shall be five dollars, and the annual dues shall be five dollars, payable in advance

Any person may become a Life Member upon the payment of thirty dollars, which payment shall be in lieu of all annual dues thereafter; and if such payment be made promptly after election, it shall also be in lieu of initiation fee.

Special services rendered to this Society, or to the Sciences which it fosters, shall be a necessary qualification for Honorary Membership.

All donations in money, unless otherwise specified by the donor, and all moneys received from Life Members, must be invested by the Treasurer, under the direction of the Executive Committee, unless otherwise ordered by the Society. The money thus invested shall constitute a permanent fund, of which only the interest may be expended.

All members shall be entitled to the rights and privileges usually accorded, and the use of the Library and Cabinets of the Society, under such regulations as are provided relating thereto.

Regular meetings shall be held on the third Tuesday in the months of March, May, November and January, at such hour as the Executive Committee may direct.

The meeting in March to be the Annual and Anniversary Meeting, at which the reports of all officers shall be read and considered, and the election of new officers shall take place.

Copies of the Annual Proceedings and Constitution and By-Laws may be had upon application.

Should you desire to become a member of this Society, please sign and return the enclosed blank application.

Circular .
Soliciting
1881. Membership

occurred in the institution to which he was so long attached, he pursued the secluded path of usefulness which had been marked out for him partly by circumstances, partly by his own temperament, ever setting a high example to those around him and imparting in clear & hearty tones his abundant knowledge and wisdom.

Not a few persons might be found, who without having habitually enjoyed his society, perhaps without ever having met him, have yet cherished for him a highly prized friendship through talking and that epistolary correspondence in which he so excelled.

As a well earned testimony to the high character of our late Honorary Member we unite ~~for~~ as a body in the general appreciation of his merits & regret for his loss.

The Rev Edwin A. Dalrymple D.D. a Life Member of this Society died at his residence in Baltimore Maryland on October 31st aged 69 years.

Dr. Dalrymple was a prominent Episcopal clergyman of the diocese of Maryland and for 20 years had been the Secretary of the Convention. At the time of his death he was President of the recently organized Baltimore Numismatic & Archaeological Society, corresponding Secy. of the Maryland Historical Socy, president of the School of Letters of the University of Maryland &c.

His library was the most extensive & valuable private collection in the state.

The Corresponding Member who
Represented the American Society
at the Convention of this Society did in that city during
the summer of 1841. He was a young man, of a fine
figure, and a very agreeable countenance. He was
born in the State of New York, and was at that time
about 25 years of age. He was a member of the
American Society, and was very active in its
causes. He was a very good scholar, and was
very well acquainted with the French language.

Dear Sir:

As yet I have been unable to obtain any information in regard to Gabriel L. B. Hale that would be of any use to you. Mr. Homes - State Librarian - and several other citizens, say that they never "heard the name" before.

I find Mr. G. B. P. Hale's name in the Albany Directory for 1858, but he does not live here now, and has not, since 1866.

I send you by this
mail a copy of the second
edition of "Wampum".

The copy is for yourself.

I have already sent one

Feb. 10, 1881.

My dear Mr. Pollon: I have
rec'd notices of the Special Meeting
& ~~and~~ I imagine it is possible the
Society may intend to make some
arrangements to be present in a
body at the ceremonies at the
Metropolitan Museum of Art, on
Washington's birthday —

Please let me know if that is so
as I want to make an engagement
elsewhere if I shall be at liberty —

Yours sincerely

Given a lot in the locality, in an excellent state of preservation.
 Have searched for it among the mines of the U.S. but can
 not find anything like it: it is the size of Cent. copper, and
 has on one side "2 Cannon Creek" & on the other "Back
 and Flag" of the U.S. with two other things on the plain side
 of which, on the other, I have traced on a small piece of
 paper, C. C. of "Cannon" is "the" near the mine. On the
 reverse side, is a "shield" with two stars and a small word
 around it: now under it, the words "C. C. of" with a small
 around the whole, but not of the same size, as the other
 side.

By giving me your idea of same. you will confer a favor

Dr-Sir

When you gave me
"Thompson-Moreau's" bill for
printing the other evening you
said Mr. Fawcett was to pay
for the electrotyping of 6.25.

Was it understood that I am
to pay the whole bill and get
the \$6.25 from "F." or do they
understand that he is to pay
them? I suppose it really
makes little difference either
way but I wish to set in the
matter according to the under-

I regret to
say that I have just received
a circular from H. P. Allen
Esq. of the N. Y. Insurance Soc.
Burlington N. Y. to the effect that
that interesting society is going
to wind up, and asking for
bids for their collection of
coins & medals -

Now as you kindly gave
them the medals and I as
majority of the coins, I feel
well at their bidding them
at auction without even
consulting me -

I shall immediately write to

the society, protesting against
their summary disposal of them
and request them to give the
coins I gave to the University
of Vermont, or to the Library of
the City of Burlington which has
a small but choice collection
of numismatic works -

I write to ask you to co-ope-

the Society's collection is adver-

With kind wishes for your con-

William Poillon Esq^r,
Secretary of the American Numismatic & Archeological
Society
61 Bethune Street,
New York, U. S. A.

Dear Sir,

I am in receipt of your valued favor of the
21st Ult^o, and beg to tender my best thanks for the
therein communicated invitation to be a permanent Corres-
ponding Member of the American Numismatic and
Archeological Society of New York, which I with
pleasure herewith beg to accept, and I shall do every-
thing within my power to contribute to those matters
that the Society have delineated for its activity. -

I thank you also for the Constitution & By-Laws
received. - I enclose my carte de visite.

For a beginning, I send you herewith a biography
of Sweden's most learned Archeologist & Numismatician,
Bro Emil Hildebrand together with a bronze medal,
which is a copy of the gold one coined of him, & which
I have engraved - His name & great activity deserves
to be also known in America.

I remain, Dear Sir,

Yours very respectfully,

Lea Ahlborn,
Royal Mint & Medal Engraver

1.
Translation from 'Svenskt Biografiskt Handlexikon' by
Herm Hofberg, Stockholm.

Hildebrand, Bror Emil, archaeologist and numismatist was born
the 22nd Feby. 1806 at Florshopp's Iron Works in the province of
Kalmar, where his father was mining engineer. After having
at 20 years of age won a philosophical doctor's degree at the
University at Lund, he was appointed 1830 docent in numis-
-matic and amanuens at the historical museum there, but was
already 1832 called to Stockholm to assist in putting in order
and describing the Royal Mint Cabinet's collected treasures,
and was also nominated 1833 second amanuens at the Royal
Historical & Antiquarian Academy, amanuens at the Royal
Society for the publishing of manuscripts concerning the
history of Scandinavia, and also to extra ordinary consistor
at the Royal Archives of the Kingdom.

Upon the death of Counsellor Liljegen 1837, he was
appointed to the office of Royal Antiquarian of the Kingdom,
custodian of the medals and perpetual secretary of the Royal
Historical and Antiquarian Academy; and 1840 he was
appointed secretary to the Society for the publishing of
manuscripts concerning the history of Scandinavia, which
office he held until 1843; 1845 he was appointed member of
the committee for guarding the liberty of the press, which
trust was renewed by each following parliament; 1845
- 1846 and also some time during 1847 he occupied the
office of Chief of the Royal Archives of the Kingdom.

2.
and, as time after time has been called to be member
of sundry directions, mostly concerning the conduction
of instruction in the Capital. -

Anyone, who knows what the State's Historical
Museum was, when it was taken in hand by Hilde-
brand, and compares it with what it now is, must
justly acknowledge, that Hildebrand in this institution
has raised for himself a monument as full of honor
as it is durable. -

From a few hundred stone objects and some bronze
pieces, which constituted the State's archaeological
collection, when he took care of the same, has, through
means of his investigations in little less than 30 years,
arisen an Historical Museum, which in material riches
and scientific classification, can ^{bear comparison} ~~compare~~ with the most
eminent in Europe.

By the side of this work of organization, Hildebrand
has displayed an extensive & meritorious activity as
author, of the fruits of which, space only allows us to
name: "Upplysningar till Sveriges Mynthistoria" (parts
1-5, 1831-32); "Underrättelse om fynd i Svensk-ford" (1832);
Anteckningar ur Kongl. Vitterhets-Historie-och Antiquitets-
Akademiens dagbok, samt om de under akademien
inseende ställda samlingarne för år 1843 (1844); Anglo-
saxiska mynt i Kongl. Myntkabinettet (also bearing the
title "Monnaies Anglosaxonnes du Cabinet Royal de
Stockholm, toutes trouvées en Suède" with a preface in
French (1846); Minnespenningar öfver enskilda

Svenska män och kvinnor (1860); Svenska Sigiller från
 medeltiden (1862-1867); Sveriges och Svenska Konunga-
 husets minnespengar, präktmynt och belöningsmedaljer (1874);
 (together with his son H. Hildebrand) Teckningar ur
 Svenska Statens Historiska Museum (1873); various speeches
 & memoranda from the Royal Historical & Antiquarian Aca-
 demy, the Royal Academy of Sciences and the Royal
 Swedish Academy's records &c &c; he has besides founded
 'Antiquarisk Tidskrift för Sverige' (5 parts, 1864-1874) and
 published: A. A. von Shiernmans Sved & Götha Höftinga-
 minne (1835); Diplomatarium Suecanum (1842-1863);
 Handlingar rörande Scandinaviens Historia, (part XIX); Kongl.
 Vitterhets-, Historie-, Antiquitets-Akademien's Handlingar
 (parts XIV-XIX), and also lately following parts I-VI, &c &c.
 For antiquarian and numismatic studies and for research
 and copying of ancient documents & diplomas, Hildebrand
 made journeys abroad 1839, 1843, 1851, 1856, 1857, 1861 & 1871, &
 during those journeys he visited nearly all countries in
 Northern & Central Europe. -

Hildebrand became member of the Royal Historical &
 Antiquarian Academy (1837), the Royal Academy of
 Sciences (1847), One of the Eighteen (only) Members of the
 Royal Swedish Academy for Poets & Eloquence (1866) &
 is besides member of over 20 home & foreign academies
 & learned societies; he is also Commodore of the Swedish
 North Star Order; Commodore of the Norwegian St. Olaf
 Order; Commodore of the Spanish Order Isabella
 Katholica; & also Knight of the Danish Dannebrog

Order - He married 1841 Anna Mathilda Hildebrand

Since the "Svenskt Biografiskt Handlexikon" was published ^{some time ago} from which the foregoing has been translated, it may be of interest to add concerning Hildebrand, events which ^{are} of a later date and which do him honor. - The events referred to are these:

The members of the Royal Historical & Antiquarian Academy, in consequence of Hildebrand's 40 years of useful activity as Royal Antiquarian of the Kingdom, presented him during 1877 with a gold medal with his bust on the one side, & on the other a woman in antique dress, who holds in her left hand a burning torch & with her right hand executes a libation on an antique altar, which bears the inscription "Genio Populi" & also the circumscription: "Secula vetusta in lucem vocavit et reddidit suis". The subscription reads: "Post VIII lustra patris debita ac stud. antiquit. hist. et numismat."

M DCCC LXXVII

As ~~since~~ the Parliament has granted him full pension, he has already the 1st Jan'y 1880 resigned the office of Royal Antiquarian of the Kingdom, but in no wise ceased his activity in the service of Numismatics & Archaeologies; his eldest son, Hans Olof Hildebrand, who was born 1842 & one of the most learned men in Sweden, has succeeded him as Royal Antiquary of the Kingdom & Chief for the States' Mint & Medals. -

A bronze medal, which is a true copy of the gold one before referred to & which was engraved by the artist Sigfrid is annexed to this letter. The Royal Mint Stockholm 19: November See Hildebrand

Dr Sir

Your postal concerning the Reports reached me too late to enable me to comply with request to have them sent to the Room of the Society but I now have them in shape and forward them enclosed herewith -

The additions to our Life Membership since our last report was printed are as follows viz:

George Henryweather, Russell Sturgis, R. H. Ely, R. Soulap, R. P. Lousbery, Tracy R. Edson, A. M. S. Agnew, John Taylor Johnston, Algernon S. Sullivan, Chas. R. Britton, A. S. Orr, J. M. Calhoun Jr, Ruf. W. Miller, Chas. F. Frothingham, (originally a resident member) and James Gregory. These are all that have yet paid ~~the~~ of those elected previous to the Annual Meeting - (As far as I hear from any of the others I will soon communicate with you - Brool has finally made up his mind to put a price on his Reminiscence Library and offer it to the Society. I think it might be a good thing for the Society to purchase it if offered at a fair price. I think it should be done by subscription on certain conditions - I think it

be well to call a meeting of Ex. Com. for next week
to consider this and ~~other~~ other matters, especially
the consideration of the possible enforced removal of
the Society. room. which I am informed will, most
likely become necessary - there are some other things
which need early attention and I would suggest
as early a day as possible. I have seen Swift
and Lawrence and they agree with me in this,

Dear Sir I am acting for
the Widow of a gentleman
formerly of this City, who has
left a collection of foreign
Coins, many of which are rarer
specimens & being desirous of
selling the same, or at least
obtaining some knowledge of
their real value, I take the
liberty of writing to you to
ask if you can name a party
who would properly value the
same or become their purchaser.
Not wishing ~~the~~ to go to those
who may wish to purchase

for business purposes at a
nominal value, I thought it
best to ask your advice.

If you like to see the
collection, I shall take
much pleasure in calling on
you if you desire any afternoon
next week after 3.30 PM,
and if it comes within the scope
of your Society to possibly
purchase any part of the collec-

Dear Mr. Tolson

I have from Mr.
d. Morgan that we shall
move from
20 Lafayette Place by the
middle of next month.

We have now but three
weeks in which to hold a
meeting, find a new room
and make arrangements for it.

I have already said that
have now but little time at
my disposal, and unless we
decide very soon where we are
going I shall not be able
to serve on the Board at all in
June.

It was a rather a coincidence:
if we could get a room
near St. Raphael's. & save much
money would be saved in the
removal. Mr. Wood suggests
a room in the Little Society
building.

We might possibly get a
room in the building of the
Little Society. However this will
all come up at the meeting.

Mr Cornelius Poillon,

Dear Sir,

At the suggestion of Dr. Lane Wood I write to ask you for a list of the members of the Mus. and Arch. Society. I have in hand a subscription in aid of the exploration of the river Xingu in Brazil by Herbert C. Smith member of Am. Geog. Society, author of "Brazil and the Amazon", writer of the articles on Brazil in "Liberator" for 1878, and a plucky young naturalist. He left here for Para and his fourth journey to the winds of the Amazon on May 5th leaving with me the forwarding of an assistant with this subscription by the next steamer to Para. I am sure that it is a work in which you would take an interest, and I can promise to the Society through you a collection of specimens well worth whatever may be subscribed. I have references and documents and will call upon you directly. Hoping you will do something more or less for the subscription (which Andrew D. White Minister to Germany started by letter with \$125, and I have more than doubted that) also have for me the list asked for. I am

The Executive Committee of this Society having recently had their attention called to a statement to the effect that a model bi-metallic coin or medal had been prepared for the consideration of the Monetary Commission; and feeling assured that such a coin would in the future become possessed of much historic interest, we feel impelled to ask your kind offices in procuring for this Society for the use of its members a few specimens of said Coin or medal and beg to assure you that any such specimens as may be entrusted to this Society will be faithfully preserved and so placed as to be attainable for examination by any and all Numismatists or others interested, I am directed by the Society to pay any expenses which may attend the procuring of these Coins or Medals.

Dear Sir,

Your P.C. is at hand,
in relation to my old friend
I extract "the fol."
"Henry March 16th 1851."

"He went to house of A. S. Coy
121 Essex st to attend the first
annual meeting of the proposed
Antiquarian Society, met there,
J. D. Foster, James Oliver, H. O. Hart,
Eugene Smith, W. Gibbs, Ezra Hill
& a number of others."

Tuesday March 16th 1851

He was called on by A. S. Coy, Oliver,
and W. — I suspect, Mr Hart absent

(He is instituting the Committee.)

Monday March 22nd 1858

"He Eric went to coin collectors meeting, present were, Foskett, Oliver, Ezra Veil, J. Melber, H. Whitmore, J. M. Lawrence, S. F. H. Gibbs, & A. Sage. ———"

Monday March 29th 1858

"He Eric went to Coin Collectors meeting, present were Foskett, Oliver Whitmore, Sage, Lawrence, was introduced to J. Cooper Veil & W. Atkinson, a very interesting meeting, heard & saw many interesting curios."

Tuesday April 6. 1858.

Under this date I mention being with a number of collectors visiting, but have no account of attending a meeting which I

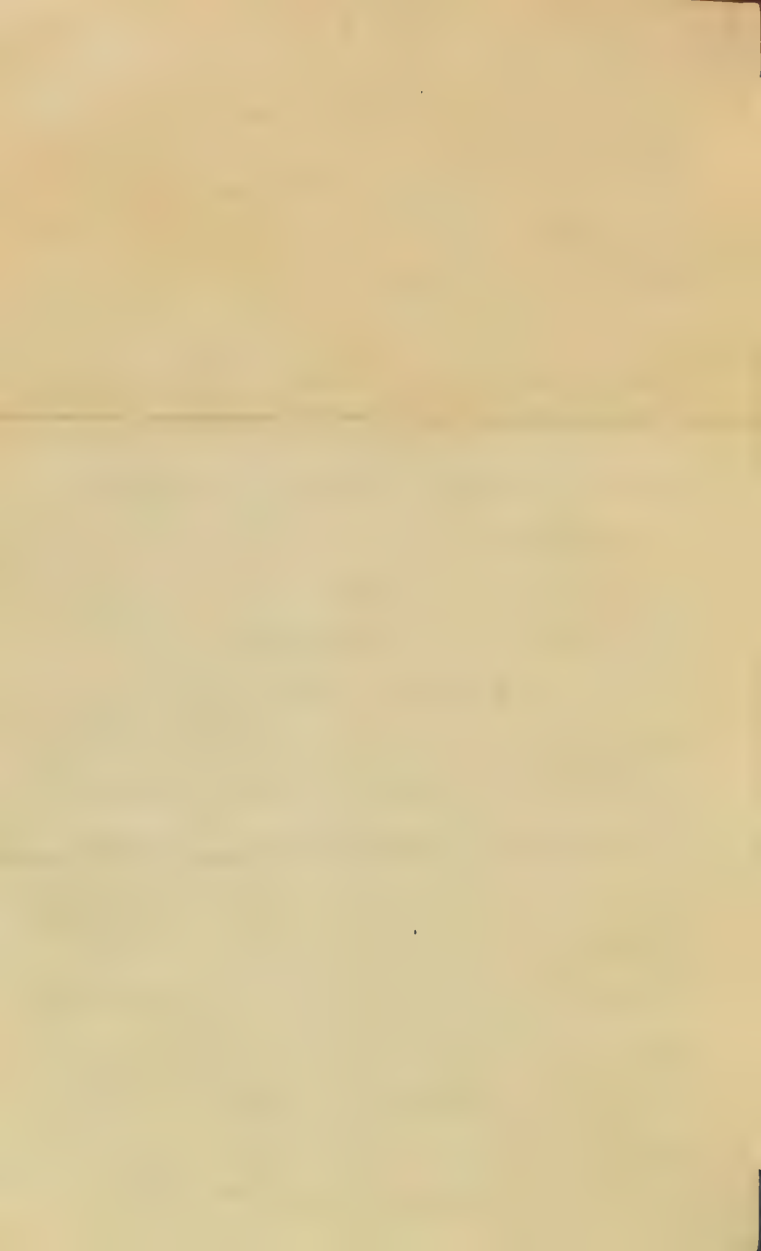

was very likely to attend if there
had been one, yet this is the
day given out when the Society
was organized.

Thursday April 13. 1858.

"Went to Sage's house, attended Coin
Collectors Meeting, paid semi annual
dues \$1.00."

From these extracts it is plain
that the Society's first meeting
was March 15. 58 and was
pretty positive was organized
March 24th 1858. I do not
believe there was a meeting
on April 6th as I was too
enthusiastic on the subject to
miss it and there were one
and no particular not to have
entered in my diary.

Very truly Yours E. M. Groh

End of a Useful Life.

At half past 5 o'clock Wednesday morning Benjamin Da Silva, sexton of the Congregation Dispersed of Judah, an old and respected resident of this city, departed this life after a long and painful illness. The deceased was sixty-four years of age, and a native of Amsterdam, Holland. He came to New Orleans in 1848, and made himself very popular, being connected with numerous organizations and movements.

He was at one time Secretary of Perfect Harmony Lodge, No. 176, F. and A. M., and of the Jewish Widows' and Orphans' Home. In 1889 he was elected a member of the Howard Association and has been an active member ever since, rendering good service in times of need. Mr Da Silva was also a member of the Numismatic and Archaeological Association and was connected with Howard Lodge, I. O. O. F. He has filled the position of sexton in the congregation mentioned for the last thirty years in a very acceptable manner. He was generally known and beloved, and his loss will be greatly regretted.

DASILVA—On Wednesday, 11th May, at 5 30 o'clock A. M., **BENJAMIN DASILVA**, a native of Amsterdam, Holland, aged 64 years.

His funeral will take place from his late residence, 216 Canonglet street, on Thursday, 12th inst., at 4 o'clock, P. M.

Richmond, Va., New York and Philadelphia papers please copy.

The officers and members of **FRIENDS OF HARMONY LODGE NO. 58, F. and A. M.**, are requested to assemble at their lodge room, Grand Lodge Hall, on Thursday, 12th inst., at 30 P. M., to pay the last tribute of respect to our deceased Brother, **BENJAMIN DASILVA**.

Members of Orleans R. A. C. No. 1, of Louisiana Council R. and S. M., No. 2, the brethren of the A. and A. Scottish Rite, and all Masons in good standing, are fraternally invited. **WM. H. HOLLAND**, Secretary.

HOWARD—At Daphne, Baldwin county, Ala., on Saturday, May 7, 1881, at 6 P. M., **LAVI NIA E. A. SHEPARD**, aged 72 years, wife of Capt. Wm. L. Howard, and only sister of the late Mrs. F. M. A. Marry, a resident of Daphne, Ala. for the last 41 years.

these houses are let alone
nearly empty.

Some one or more of
our brother and philanthropic
citizens would erect and dedicate
a suitable building for the use
of worthy societies devoted to the
investigation of science and its

confer upon their fellow men a rich
legacy and build themselves a
monument more worthy than
any.

Dr. Sir

I noticed among the new books mentioned in last No. of "Magazine of American History" a work on the "Archaeology of Arizona, New-Mexico" &c by Frederick W. Putnam; it is published at the Government Printing Office and is Vol. VII of U. S. Geographical Survey of West of the 100th Meridian. This would seem to be a very desirable book for us and perhaps if Official Application were made a copy could be obtained for the Society's Library - did you ever hear from Evans? and have you seen any rooms suitable for us I am keeping watch of Herald ads.

Society Art & A Society

Dear Sir. I must express to you
my special thanks for your copy of
the 23^d an meeting Report of the Society,
sent to me, wh I have found most
interesting

And I take this occasion to acknow-
ledge one or two previous reports sent
to me, I have just returned from a
17 mos absence in Europe. otherwise
I would ~~perhaps~~ have been able to
manifest more interest in the Society
than heretofore. By the way I notice in
Pres^t Anthony's address a reference to
The Erie canal medal presented by
the City of N.Y. to John Adams in 1826
I have in my collection of coins the
original gold medal presented by the City

to Andrew Jackson - in its original
case. I purchased it from a member
of the Jackson family.

If you have a printed copy of the
bye Laws of your society - I would be
glad to have one - as it would give
me pleasure to acquaint myself
more fully with the details of your
~~organization~~ & I would be glad to
show some appreciation of the favors
done me - by the Society.
I have perhaps one of the largest
collections of antiquarian treasures
in the west, which I hope some day
to make useful to the public in this
section in some way - My collection of
coins & medals numbers some 4000. I have
also a collection of flint implements & pottery
including a number of unique specimens
also a collection of gem minerals which I
have been 25 years in selecting - perhaps
equal to any private collection in the country.

I mention these things that you may
know the special departments of study
to which I have turned my attention.
I had hoped to call to see you
when recently in N.Y. but did not
get time. Please present my
regards to Mr Wood & to Mr
Fouardent. Very truly yours
Gates P. Winston

I enclose an awkward newspaper
report - of a brief lecture recently
delivered by me.

Tennessee Historical Society.

The regular monthly meeting of the Tennessee Historical Society was held at the house of Mr. John Ruhm, in North Nashville, last night. Judge J. M. Lea presided, and there were present Mr. Anson Nelson, Secretary; Hon. L. H. Eaton, Gen. G. P. Thruston, Mr. J. A. Cartwright, Mr. John Ruhm, Prof. F. A. Welter, Prof. W. B. Garrett, Prof. Clark, Messrs. P. C. Wright, Robert T. Quarles, Joseph Carels, J. B. Lillard, F. P. Hume and T. M. Schleier.

Mr. Frank Goodman and Mr. J. H. Eakin were elected active members; Mr. R. A. Wheeler and Mr. W. A. Star corresponding members.

Mr. R. T. Quarles said that the Governor had given him a lot of old papers found at the Capitol. He would look over them and see if there was anything that would be of interest to the society.

The Hon. Saul L. Tilley, of Canada, was elected an honorary member.

Gen. G. P. Thruston, who spent last winter in Europe, and the principal part of the time at Naples, and about Herculaneum and Pompeii, gave a very interesting account of the very many things of great historic interest he saw at those buried cities, and peculiarly interested the society by describing the paintings, the statuary, the bronzes, which he spoke of as being so very numerous in Pompeii and as evidencing the height of culture in all the higher branches of art that existed in that city over 1,800 years ago. The dining rooms and kitchens, he said, were furnished with utensils that seemed quite modern when compared with what a traveler would expect to find in a city 1,800 centuries ago. About two-fifths of the city had been cleared, and it had taken 125 years to do it. Pompeii was the only place where you could see how the people lived so long ago. There were thousands of rooms there in their primitive condition. He had, through Minister Noyes, at Paris, been furnished with letters which gave him unusual facilities for prosecuting his researches, and the Superintendent of Excavators there had given him opportunities of exploring several rooms, furnishing the workmen to carry off the debris. As they all knew, the manufacture of glass had been regarded as comparatively modern, but there were just as handsome glass bottles in Pompeii as there were in any drug store in Nashville, and just as handsome hardware. At the close of his remarks, he exhibited a number of relics he had brought from Pompeii, among which were a piece of plate glass about a quarter of an inch thick, ground on one side, some little globular bottles, some of the black ash which is scattered all over the country when the great Vesuvius is in a state of eruption. Some of the same ash had fallen in Constantinople and Syria, from 1,000 to 1,500 miles off, when Pompeii and Herculaneum were destroyed. He showed a penny of the money that was used at the time Christ asked for a penny when he expounded the parable to render unto Caesar the things that are Caesar's. He also exhibited a specimen of the "widow's mite." Judge Lea jocularly advised the General not to put that into the collection basket at church here. Some specimens of glass that had been buried in those cities were examined with great interest, the iridescent colors of which were noted as proofs of the genuineness of the specimens. Two little bronze household vessels, a little copper cup and some fac simile oil lamps. A cuneiform tablet and some coins were included in his collection.

The next meeting of the Society will be held on the second Tuesday in January at the house of Mrs. Southworth, in Edgefield. Dr. Grant writes the Society to hold its meeting at his office, 128 Woodland street, Edgefield.

Mr. Anson Nelson announced that the following valuable contributions had been

made to the Society since its last meeting.

From Lieut. A. D. Perry, United States Navy, Japanese sword.

From A. Asher & Co., of Berlin, Germany, a small but antique catalogue of valuable books.

From Hon. James D. Porter, a letter from Hon. John W. Cravett, written when a boy, just after he heard his father, the celebrated David Cravett, speak on the hustings. It is dated March the 6th, 1826. Also the law license of Gen. R. C. Donlap, issued by Chief Justice James H. Hingsworth, of the Republic of Texas, at Houston, 1838. Also annual report of the Nashville, Chattanooga & St. Louis Railway Company. I also counter and rules of the Hermitage Club of Nashville.

From Essex Institute, Massachusetts - Historical collections.

From J. W. Austin, Superintendent of the Capitol - Curious Observations of the Metamorphosis of Many Insects and Beetles, made during a period of fifty years in France, England and Holland, on the 10. copper. By the General Master of Troy weight of the Netherlands. Printed in Amsterdam by Johannes Smijter, Bookseller on the Dyke, in the year 1664.

From D. Appleton & Co. - Appleton's Literary Bulletin.

From the Department of the Interior, Washington - Introduction to the study of Montane Curves, by Dr. Yarlow. Also second report of the United States Biological Commission on the study of the Mountain Lakes, by Wm. B. Packard and Thomas Aldrich. Also North American Fauna, by Thomas Aldrich. Also the United States Geological and Geographical Survey of the Territories. Also a contribution to the study of the languages, by Powell.

From McKay, Fiske, & Co. of New York - Voyage of the ship, by John Mackay, printed in London in the year 1800. It is one hundred years old. This is a very old book.
